The challenges businesses face

Lack of Local Support

Costly Implementation

Solutions fit for large
enterprise

Poor CRM adoption and
value

Expensive pricing models
include limitations and
bolt-ons

Limited customization for
SMEs

The Impact of these challenges

The impact of these challenges

Manual processes that are inefficient, taxing, and prone to human error

Decreased productivity and efficiency of the team

Outdated and unscalable technology that can't accommodate the growing customer database

Lost sales opportunity and revenue

Non-centralized and unsecured data collection

We are the company behind this revolutionary product. Don't count us out just yet

Saphyte is developed by Loyica, a Dubai-based tech company that helps drive digital transformation for hundreds of local businesses.

Saphyte is founded in 2017 and its headquarters is located in Business Bay, Dubai.

Saphyte envisions to reach every business, whether small or big, and provide them with the value of digital transformation and automation through Saphyte.

Testimonials

Don't take our word for it, hear from our customers

★★★★★

At Dubai Hyatt we understand that an integrated approach is key to both internal and external success. Management's ability to oversee the performance and activities of our teams is a fantastic asset provided by Saphyte's CRM, enabling us to grow our business further by leveraging this visibility.

Dubai Hyatt, Sales Director

★★★★★

Thanks to Saphyte, we have had the ability to drive improved efficiency across our entire sales team. This has really made a tremendous difference to our process overall.

Commercial Director, Dubai Golf

★★★★★

Previously our sales teams have been focused on a manual approach when it came to capturing our customer data. However, thanks to their easy-to-use platform and excellent support, our teams have now seamlessly moved to an automated, digital model using Saphyte's CRM system.

Sales Director, Icon Auto

★★★★★

Since we moved to Saphyte, CRM has been so simple yet effective in growing our sales. With our previous systems – two of the world's leading CRM brands – we were left wanting with little support for smaller businesses like us, as well as needing to change our processes to fit the CRM.

Managing Director, Panoptic Media

★★★★★

Before Saphyte CRM we were using multiple tools for the management of our leads, prospects and customers. This was too difficult to manage and as a result we were losing leads and prospects. Saphyte allows us to manage everything in one central place. We find the user interface really easy and simple and would highly recommend this to anyone looking to automate their sales processes.
